

Order No | B01262-00

Product Group 1000

Loop card ESP-High-Power for System F1,
supports 2 loops / 4 spurs of Hochiki ESP
detectors

DESCRIPTION :

- 100% compatible to ESP detectors
- Loop current 50% increased
- supports 2 loops each with 254 detectors / modules / sounders or alternative 8 spurs
- free programmable zones
- max. loop cable length 3.500 m (cable JY-(ST)Y-2x2x0,8)
- 8 free programmable O/C-Outputs
- Shielding monitored for open wire
- Shielding monitored for short circuit with +/- loop
- Earth fault detection
- Fail-safe mode in case of Micro Processor failure

TECHNICAL SPECIFICATIONS :

Quiescent current	40 mA
max. current per loop	300 mA
Weight	200 g
Dimensions (W x H x D)	170 x 110 x 20 mm

CERTIFICATIONS :

VdS No. : G 205 024
